How to read this comparison

These assessments concern the selected documents, not every law applicable in their jurisdictions. Compare the cited provisions, scope, legal status and dates. Matching categories do not establish matching duties; missing entries do not establish legal gaps.

Question for further analysis: Will AI-governance coordination converge on the OECD / UN / G7 / GPAI / bilateral-MoU mode, or fragment into bloc-based regimes (US-led / EU-led / China-led)? Field consensus is forming but unsettled.
